ALBERT SCHEIBELHUT WEDS MARY SOMMERS

One of the prettiest weddings ever solemnized took place Tuesday morning in Grand Rapids, Mich., when Albert Scheibelhut of this city was married to Miss Mary Sommers. The ceremony was performed at St. Mary's Catholic church by the pastor, Rev. Father Vogel, Tuesday morning at 8 o'clock. Prof. Thiesen played the wedding march. The bride was attired in a beautiful gown of white silk and tulle, trimmed with pearls and silk Chenille lace. She wore a full length veil, caught with a wreath of swanella blossoms and carried a shower bouquet of white chrysanthemums. The bride's train consisted of a silver pin with four dangling diamonds, which was presented to her by her aunt, Mrs. Mary Allen. From the residence to the church the bride wore a white shawl, which was worn by her grandmother, 65 years ago on her wedding day in Europe, and which has never been worn again until Tuesday. It having been brought from Europe about three months ago by the bride's aunt, Mrs. Allen.

Miss Emma Sommers of Grand Rapids, sister of the bride, was the bridesmaid and was attired in a prettily gown of blue silk crepe de chine trimmed in shadow lace and chiffon, wore a white beaver picture hat and carried yellow chrysanthemums. Henry Scheibelhut, of this city, brother of the groom, was the best man. The ring bearer was Miss Clara Kirkoff, cousin of the bride, who was attired in a white embroidery dress and carried the ring concealed in a white lily. F. Jahnke and F. Geller were the ushers.

After the ceremony a reception was tendered the newly married couple at the home of the bride's mother, 961 Bowery st., Grand Rapids, Mich. Mrs. J. Grauer and Miss J. J. Schmitt assisted in the dining room. Miss Esther Scheibelhut of this city, sister of the groom, was in charge of the gift room. Miss Anna Winn presided at the punch bowl. Music was also furnished by Miss Scheibelhut and Miss Winn. Decorations at the church and residence were white and yellow chrysanthemums. About 175 relatives and friends attended this reception.

Mrs. Frank Sage left for Bay City, Mich., where she will visit with her son, Fred Sage.

Rheumatism

A Home Cure Given by One Who Had It

In the spring of 1893 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to you. After you have used it and it has proven itself to be that long-looked-for means of curing your Rheumatism, you may send the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today.

DIRECTORS DECIDE TO STAY IN MISHAWAKA

"All for Mishawaka" is the spirit of the directors of the Mishawaka Four and One Ladder company who at their Tuesday afternoon meeting decided not to accept any one of several flattering offers from other cities but to continue the manufacturing of their product in this city. It was decided to move from the present crowded quarters in the old Simplex building on S. Main st., to larger ones in the old Cheeseman lighting company buildings on the north side of the river. For the past several weeks the recently organized concern has been looking for a more promising location or larger quarters in this city. Several cities in this state, hearing of their plans presented offers which were hardly resistible but the stockholders and directors of the concern, who are all Mishawaka citizens, decided to stay here and boost for the city, and were certainly not possessed of the really true spirit of the city's interest at heart.

The removal of the factory to the Cheeseman plant across the river will be a big boom for the north side as it will probably mean the employing of several hundred men within the next few years. In many other ways this means a big boost for Mishawaka and will be a fine record for the directors of the Mishawaka Chamber of Progress to present other factory interests to this city who are looking for desirable locations. Mishawaka as a factory city is becoming a national name, as but in a few years three of the largest industries of their kind have grown from small factories to large business interests here. About five years ago the Rubber Regenerating company started the construction of a few buildings along the north banks of the river near Main st., and continued the good work of building each year owing to their continued increase of business each season. Last year the Rubber Re was sold for over \$1,000,000 to eastern capitalists, which shows the value of a Mishawaka industry which has only been in existence a few years.

This wonderful growth has already appeared in the Four-in-One company, although it is hardly expected that it will grow to such proportions as the Rubber Re did, but nevertheless it will be another concern with a distinction which brings the city considerable credit owing to it and its advertising throughout the country wherever these unique ladders will appear.

One of the offers made the concern was from a nearby city, which offered building and factory space and a \$1500 bonus but even this did not move the spirit of the men at the head of this little concern to desert Mishawaka.

Orders have been secured by the firm's representatives for 50 carloads of the ladders and there are good prospects for 100 carloads more. Orders are pouring into the concern from New York, Philadelphia, Pittsburgh, Indianapolis, St. Louis, Louisville, Duluth and Little Rock, Ark. Large orders have been received for several months and Chicago and are being taken daily as the ladders are making a hit with the windy city hardware dealers, who are grabbing them as fast as they can be shipped.

Thursday the concern will start the removal of their machinery to the north side plant and hope to start operation there by Dec. 10. Additional machinery will be purchased and will be installed at a later date. The north side plant offers better shipping facilities than the old Simplex building, as freight cars can be run alongside the building and the products loaded without danger of damage during bad weather as now is the case.

LABORER ARRESTED FOR THEFT OF MOTORCYCLE

Charged with the larceny of a \$200 motorcycle, a pair of leggings, and a pair of gloves, and some other minor accessories, Cleotis Markham, a laborer, was arrested by Officer Leachman Tuesday afternoon.

The affidavit on which the warrant was issued for Markham's arrest was made by Earl Moore. According to Mr. Moore, Markham last week negotiated for the purchase of the motorcycle, taking it out for a trial. After using it a few days Markham returned the machine. It had been damaged to some extent and was placed in a repair shop.

It is declared that a lock and chain had been placed on the motorcycle after it was taken to the shop, but that Markham visited the shop last Sunday and broke the chain in order to get possession of the wheel. He attempted to return the wheel Sunday night, and was then seen and recognized. He was wearing the gloves when arrested.
